# LAZARD STERLING HIGH QUALITY BOND FUND

## INTRODUCTION

The Company is authorised in Ireland by the Central Bank as a UCITS for the purposes of the Regulations. The Fund was approved by the Central Bank on 20 November 2001.

This Supplement forms part of the Prospectus and should be read in conjunction with the general description of the Company contained in the current Prospectus (together with the most recent annual and semi-annual reports).

The Company is structured as an umbrella fund in that the share capital of the Company may be divided into different classes of shares with one or more classes representing a separate fund of the Company. Each fund may have more than one share class.

Details of the available classes of Shares in this Fund are set out in **Appendix I** to this Supplement.

As at the date of this Supplement, there are no other Share classes in the Fund apart from those listed in Appendix I, but additional share classes may be added in the future in accordance with Central Bank Requirements.

The base currency of the Fund is Sterling. Share classes denominated in a currency different to the Fund's base currency will not be hedged against movements in the base currency of the Fund.

Dealing information, including a description of the procedures for subscribing and redeeming Shares, settlement deadlines, dealing frequency and pricing is set out in **Appendix II** to this Supplement.

**An investment in the Fund should be viewed as medium to long term and should not constitute a substantial portion of an investment portfolio.**

### Investment Objective and Policy

#### Investment Objective

The investment objective of Lazard Sterling High Quality Bond Fund is to achieve an attractive level of return from an actively managed portfolio of sterling denominated fixed income securities.

#### Investment Policy

Investment will be made primarily on Regulated Markets set out in Appendix 1 and subject to the restrictions set out in Appendix III to the Prospectus. The Fund will invest in the Regulated Markets of OECD countries with an investment grade rating with the aim of achieving greater total return than the iBoxx Sterling Overall Index (the "Index"). The Index comprises the market weighting of all sterling denominated investment grade UK gilts, sovereign and supranational and corporate bonds with more than one year to maturity. The fixed income securities in which the Fund will invest will, at the time of purchase, be investment grade fixed and floating securities of the type comprised in the Index although certain fixed income securities invested in may have less than one year to maturity. Securities which are downgraded to below investment grade following acquisition by the Fund may continue to be held by the Fund until such time as the Investment Manager in its discretion determines to liquidate the position.

The Fund may also invest in the units or shares of open ended collective investment schemes which provide exposure consistent with the investment policy of the Fund, including exchange traded funds. Aggregate investment by the Fund in open ended collective schemes shall not exceed 10% of the Fund's Net Asset Value at any time.

Subject to the conditions and within the limits laid down by the Central Bank, the Fund may also engage in transactions in FDI for efficient portfolio management purposes. Investment by the Fund in FDI shall be in accordance with the provisions of Appendix II of the Prospectus and shall be limited to

investments in index futures and/or swaps, both of which may be used to provide exposure consistent with the Fund's investment policy more efficiently from a cost and timing perspective, without having to invest directly in the reference assets. Should the Investment Manager invest in index futures and/or swaps on behalf of the Fund, the Fund's global exposure, being the incremental exposure and leverage generated by the Fund through its use of FDI, including instruments which embed a derivative element, will be calculated on at least a daily basis using the commitment approach. However, it is not intended that the Fund will be leveraged.

### **Investment and Borrowing Restrictions**

The Company is a UCITS and accordingly the Fund is subject to the investment and borrowing restrictions set out in the Regulations and Central Bank Requirements. These restrictions are set out in detail in Appendix III to the Prospectus.

### **Risk Factors**

Shareholders and potential investors should consider and take account of the risk factors set out in the Prospectus, in addition to that set out below:

#### ***Exchange Rate Risk***

The base currency of the Fund is Sterling. Share classes denominated in a currency different to the Fund's base currency will not be hedged against the base currency and will, accordingly, be subject to exchange rate risk in relation to the Fund's base currency.

#### ***Concentration Risk***

In view of the concentrated nature of the portfolio the level of risk is expected to be higher than that associated with a broader based, more diversified fund and the value may be more volatile. For example, the performance of a single stock within the portfolio may have a greater effect on the Fund's Net Asset Value per Share.

### **Profile of a Typical Investor**

The Fund is suitable for retail and institutional investors over the medium to long term seeking to achieve an attractive level of return from an actively managed, medium volatility portfolio of sterling denominated fixed income securities.

### **Management and Administration**

Detailed descriptions of the Directors and service providers to the Company are set out in the Prospectus.

## **FEES AND EXPENSES**

### **Share Class Fees and Charges**

Details of the fees and charges applicable to each class of Shares (including the Annual Management Fee and the maximum percentage fees payable on subscription, redemption and conversion) are set out in the tables included in Appendix I to this Supplement.

#### ***Other Expenses Cap***

Each class of Shares of the Fund shall bear its attributable proportion of the other expenses of the Company (as are set out in detail under the heading "*Other Expenses*" in the section of the Prospectus entitled "*Fees and Expenses*" subject to a cap of 0.30% per annum of the Net Asset Value of the Fund. The Manager will be responsible for any expenses in excess of this limit with the exception of the expenses of acquiring and disposing of Investments (including brokerage expenses, custodial and sub-custodial transaction charges, stamp duties and other relevant taxes).

Additionally, the Manager will not be responsible for the costs of hedging currency exposure for the benefit of any particular Share class of the Fund, which costs shall be attributable to the relevant Share class.

## VALUATION OF ASSETS

The Net Asset Value of the Fund and of each Share class will be calculated by the Administrator as at each Valuation Point in accordance with the requirements of the Articles and full details are set out under the heading "*Statutory and General Information*" in the Prospectus.

Applications for subscriptions and redemptions properly received will be processed on a Dealing Day. The Net Asset Value of the Fund and of each Share class will be available on each Valuation Day, whether such Valuation Day is a Dealing Day or not.

## SUBSCRIPTION PROCEDURE

All applicants subscribing for Shares must complete the application form prescribed by the Directors in relation to the Fund ("**Application Form**") and comply promptly with all necessary money laundering clearance requirements.

An Application Form accompanies this Supplement and sets out the methods by which and to whom the subscription monies should be sent. Application Forms shall (save as determined by the Manager) be irrevocable and may be sent by facsimile to the Administrator at the risk of the applicant.

The original Application Form should be sent to arrive with the Administrator within four Business Days of the date on which the application for Shares was made. All required anti-money laundering documentation (including such original documentation as may be required) should accompany the original Application Form.

Failure to provide the original Application Form and all required anti-money laundering documentation within the time period referred to in the previous paragraph may, at the discretion of the Manager, result in the compulsory redemption of the relevant Shares.

Applicants will be unable to redeem Shares on request until the original Application Form and all required anti-money laundering documentation has been received by the Administrator in a form satisfactory to it, and accepted.

Shareholders may subscribe for further Shares (i.e. post their initial subscription) by telephoning or sending a fax to the Administrator or by such other means as the Company may permit. Telephone dealing will be recorded by the Administrator.

All subscription requests received after the Initial Offer Period for the relevant Shares has closed will be dealt with on a forward pricing basis (i.e. by reference to the Net Asset Value of the Shares subscribed calculated as at the Valuation Point for the Dealing Day on which the subscription is effected).

Applications for Shares received after the Initial Offer Period for such Shares has closed must be received and accepted before the Cut-Off Time for the Dealing Day on which the subscription is to be effected. No application will be considered received and accepted by the Administrator until **(a)** a completed Application Form and **(b)** all required anti-money laundering documentation, have been received by the Administrator and both **(a)** and **(b)** satisfy the requirements of the Administrator.

Any such applications (as referred to in the previous paragraph) received after the Cut-Off Time for the relevant Dealing Day will normally be held over until the next following Dealing Day. However, in exceptional circumstances, applications received after the Cut-Off Time but prior to the Valuation Point for a particular Dealing Day may be accepted for dealing on that Dealing Day at the discretion of the Manager. Any request for subscription on a particular Dealing Day received after the Valuation Point for that Dealing Day will be held over until the next Dealing Day.

If payment in full in cleared funds in respect of a subscription has not been received by the Settlement Deadline specified in the "*Dealing Information*" table above, the Company may (and in the event of non-clearance of funds, shall) cancel the allotment and/or charge the applicant for any loss suffered by the Fund as a result of the delay or non-clearance. In addition, the Company will have the right to sell or redeem all or part of the applicant's holding of Shares in the Fund or in any other sub-fund of the Company in order to meet those charges.

## **REDEMPTION PROCEDURE**

Every Shareholder will have the right to require the Company to redeem his Shares on any Dealing Day (save during any period when the calculation of the Net Asset Value is suspended in the circumstances set out under the heading "*Temporary Suspensions*" in the Prospectus) on furnishing to the Administrator a redemption request. Shares may be redeemed only by application through the Administrator.

All redemption requests are dealt with on a forward pricing basis (i.e. by reference to the Net Asset Value of the Shares to be redeemed calculated as at the Valuation Point for the Dealing Day on which the redemption is effected).

Redemption requests will only be accepted where cleared funds and completed documents are in place from original subscriptions. No redemption payment will be made until **(a)** the original Application Form and **(b)** all required anti-money laundering documentation (including such original documentation as may be required), have been received by the Administrator and both **(a)** and **(b)** satisfy the requirements of the Administrator.

Redemption requests must be received and accepted before the Cut-Off Time for the Dealing Day on which the redemption is to be effected. Shares will be redeemed at the relevant Net Asset Value for the relevant Dealing Day (less such redemption fee and Duties and Charges, if any, as may be applied). If the redemption request is received after the relevant Cut-Off Time it shall normally be treated as a request for redemption on the Dealing Day following such receipt and Shares will be redeemed at the relevant Net Asset Value for that day (less such redemption fee and Duties and Charges, if any, as may be applied). However, in exceptional circumstances, redemption requests received after the Cut-Off Time, but prior to the Valuation Point for the relevant Dealing Day may be accepted for dealing on that Dealing Day at the discretion of the Manager. Any request for redemption on a particular Dealing Day received after the Valuation Point for that Dealing Day will be held over until the next following Dealing Day.

Redemption requests shall (save as determined by the Manager) be irrevocable and may, at the risk of the relevant Shareholder, be given by telephone, fax or by post or by such other means as the Company may permit in accordance with Central Bank Requirements.

## **Compulsory Redemption**

The Manager shall have the right to redeem compulsorily any Share at the Redemption Price or to require the transfer of any Share to a Qualified Holder if in its opinion (i) such Share is held by a person other than a

Qualified Holder; or (ii) the redemption or transfer (as the case may be) would eliminate or reduce the exposure of the Company or the Shareholders to adverse tax or regulatory consequences.

### **Switching**

Details in respect of switching are set out in detail under the heading “*Switching Between Share Classes and Funds*” in the Prospectus.

### **Transfers**

The conditions relating to transfers of Shares are set out in the Prospectus.
