LAZARD GLOBAL TOTAL RETURN & INCOME FUND DECLARES MONTHLY DIVIDEND

NEW YORK, June 13, 2008 – The Board of Directors of Lazard Global Total Return & Income Fund (NYSE:LGI) has authorized the Fund to declare today, pursuant to a level distribution policy, a monthly dividend distribution of \$0.1042 per share on the company's outstanding common stock. The dividend is payable on July 23, 2008 to shareholders of record on July 11, 2008. The ex-dividend date is July 9, 2008.

Inclusive of today's declared distribution, the cumulative distributions of net investment income and capital gains for the last 12 monthly periods total \$1.6612 per share and represent a market yield of 8.0%, based on the share price of \$20.78 at the close of New York Stock Exchange trading on May 31, 2008*.

Portfolio data as of May 31, 2008 including performance, asset allocation, top 10 holdings, sector weightings, regional exposure, and other Fund characteristics have been posted on Lazard Asset Management's website, www.Lazardnet.com.

The Fund's objective is total return, consisting of capital appreciation and current income. The Fund seeks to achieve its objective by primarily investing in a portfolio of approximately 35 to 45 equity securities with a market capitalization of at least \$5 billion at the time of purchase, that are domiciled in those countries that comprise the MSCI World Index. The Fund seeks enhanced income by investing in short duration (typically below one year) emerging market forward currency contracts and other emerging market debt instruments.

An indirect subsidiary of Lazard Ltd, Lazard Asset Management LLC (LAM), the Fund's investment manager, offers a range of equity, fixed-income, and alternative investment products worldwide. As of March 31, 2008, LAM and affiliated asset management companies in the Lazard Group managed more than \$134 billion worth of client assets. For more information about LAM, please go to www.Lazardnet.com.

* Price and yields will fluctuate with changes in market conditions. Market return does not represent the total return on an investment. Distributions are subject to re-characterization for tax purposes after the end of the fiscal year. If the Fund pays distributions in excess of its net taxable income, this excess would be a return of capital.
